

# URBAN PATHWAYS 6-12 CHARTER SCHOOL

We are now entering the 3rd quarter of the school year. Quarter 3 is a very important quarter. Semester 1 is complete and GPAs have been calculated. Students now know the necessary steps to finish the school year strong! Students should strive to ask questions, be engaged, encouraged, and attend school each and everyday on time! We have resources to help students achieve all their academic goals! We encourage students to take advantage of those resources.
