

HBC Community Impact Fellowship Program

CCAC

Adult Computer Literacy Program

CCAC is excited about the **Community Impact Fellowship Program (CIFP)** grant. **CIFP** is a 3 generational peer-peer educational experience that aims to decrease STEM+ Medicine disparities.

We kicked off the program this summer with our **Young Scholars Institute** program for middle school students and **Homewood-Brushton Center 4 Youth Overcoming and Uplifting** program for high school students.

Our third component is the **Adult Computer Literacy Program** which offers accepted students 18 years & over the opportunity to take a credit course in **Computer Information Technology** at CCAC. We want to invite you to enroll in one of our grant-funded courses.

Community Impact Fellowship Program ALCP Courses

CLASS	CLASS TYPE	DAY	Begins
CIT-100-HB71	Comp Fund/Application	TBA	FALL/SPRING 2025
